Evolution

This subject is creating quite a stir in Kentucky just now. With the defenders of the bible on one side and the subjects of evolution on the other side. There seems to be quite a variation between the two.

The bible teaches that God created man in his own image; evolution teaches man to have originated from brutes, and guesses at which specie. It is impossible to believe the teachings of that part of evolution and the bible too.

It is unlawful to teach the bible in the schools supported by the State.

A bill has been introduced to place the same restrictions on that part of evolution that contradicts the bible.

A man who will sanction a law to prohibit the teaching of the bible in state schools, and favor anti bible teachings as to the creation of man in these same schools has already demonstrated one thing, he is really sincere in his belief that he has brute parentage.

Nothing is so harmful to the bible, nothing is so degenerating to the human mind, and its conception of self. This doctrine is the fore runner of atheism, and infidelity. It should be curbed by law.

Jail Breakers Caught In Clay City

Wednesday night of last week five men escaped from the Irvine jail. Two of the men, Ambrose Lynch, charged with forgery and Buzz Henry, charged with whiskey operations, made their way to Clay City where they have relatives. Green Covey, U. S. Deputy Marshal and John Rowland, special deputy, followed them here. D. B. Hurt arrested the men on a back street. He had A. G. Shimmfessel qualified as his deputy who assisted him in his arrest. They took the men back to Irvine that night. The jail delivery was effected by sawing seven-eighths steel bars in two.

Blaze in Shimmfessel's Store

Early Tuesday morning a blaze was discovered in C. Shimmfessel's store which caused considerable damage before it could be extinguished. The bucket brigade put in effective work in a very short time. Many of the goods were carried to safety, taking no chances on the fire gaining headway. This fire is a reminder of how badly we may need a fire department and more especially water works.

Stops Up Road

Rev. Geo. W. McIntosh has put a fence across the new road on the Powell side of the Irvine road. The Rev. McIntosh agreed for the change in this road under certain provisions for change of fence and new fencing, all of which was started in good faith, it is claimed, by the good road people, but evidently has changed his mind. His fencing this road greatly damages those persons who have put up their cash to put the road through.

Bus Line to Winchester

Mr. C. R. Mize, who for the past year has carried passengers to all sections radiating from Clay City in his trusty Ford, will shortly put on a motor bus line between this city and Winchester. The bus will leave Clay City some time after the down train runs and go direct to Winchester. It will return in the afternoon before sun down. This will be of great convenience to every body who wishes to go that way. It will at least enable them to go and come in daylight.

Mr. Mize together with Joe Mountz, the Ford agent, left today for Cincinnati to get a new Ford Chassis. They will go from there to Greenfield, Ohio, and get a new bus body for the machine.

When the new hack line is put into operation an effort will be made to connect Stanton with jitney service.

Little Child Dies

Mildred, the bright little 18 months old daughter of Mr. and Mrs. Jesse Chaney died Tuesday at Rev. Sherman Robbins in this city. Burial at Stanton Wednesday. Funeral services at Stanton Presbyterian church by the Rev. R. A. McConaha. Mr. Chaney lives at Hazard but he and Mrs. Chaney were visiting here when the child took sick. Mrs. Chaney is a daughter of Rev. Robbins.

Miss Eubank Sings in Lexington

Miss Vera Eubank, of this city, sang Monday night at the Lexington College of Music by special request of her teacher, Miss Anna Chandler Goff. Miss Eubank has a rare coloratura soprano voice, beautiful and promising. The audience who heard Miss Eubank and others, was enthusiastic in praise for the musicians.

Light Plant Here

The new light plant is here and installed now ready for the wiring. Brilliant lights can be had in your home at the touch of a button. Only one-half cent an hour for 25 watt lamps; 50 watt bulbs one cent an hour. Continuous current, night and day. No better service in any city or town.

Stock Sales

Don't forget the public live stock sales in this city Saturday, February 20th. Let every body who has stock to sell bring them in and everybody who wants to buy live stock be on the ground, and in this way help to build up for Powell county something of value. Remember free lottage and free weights.

Ground Hog Day

Today is Ground Hog day and a sunshiny day from beginning to end. So look out for the winter he foretells. But surely the day was more enjoyable than one so cloudy he could not see his shadow.

A Kentucky Proposition

The Great Southern Refining Company, of Lexington, has entered the Powell county field for the delivery of their products—Bluegrass Gasoline, Movoline Motor Oil and kerosene. The simple fact that their oil is produced in Kentucky, is refined in Kentucky, is owned by people of Kentucky and their products are as good as any delivered in Kentucky at as low price as any sold in Kentucky, is just reason that their gas and oils should be used by all the people of Kentucky.

The McKinney Sale

The sale of Moses McKinney was largely attended Tuesday and articles sold well.

Eight cows sold brought from \$27 to \$68; one yearling Hereford bull, \$46; 8 Hereford heifer calves \$35.00 each; 9 grade calves from \$9.25 to \$16.00; one aged horse, \$61.00; one 4 year old horse, \$112.50; 52 sheep, \$8.60 each; one sow and pigs \$34.50; 2 tooth shots \$10.00 each; one sow \$15.25. Household goods brought good prices.

Card of Thanks

Through these columns we desire to express our thanks to those persons who rendered assistance in the sickness and death of our dear little daughter, Georgia May. We also desire to thank Bro. Nelson for the words of comfort spoken in his remarks at our home before laying away the precious one.

Mr. and Mrs. Otis Powell.

Vote on Bond Issue Abandoned

The proposition to vote ten millions in bonds for the Kentucky University has been abandoned. We failed to see why this school should be given anything, if they continue to teach that man originated from a monkey or some such other beasts. One-half the Christian people would not think of sending their children to this school where they receive such obnoxious and silly teachings.

Road Bonds Not Popular

There is considerable sentiment against the fifty million dollars road bonds because of the defection of those in charge of their building in the past. The cost has been too high. Better wait until we learn how to build roads economically before we put thirty years tax into them.

There has been a great slump in price in Fordson tractors as will be seen in the Ford man's ad. today. The Fordson is a remarkable machine at a remarkable price.

A Day Late

The Times is a day late, but this could not be avoided this time. Several items are crowded out also.

Grant Witt and assistant was here yesterday doing some tin spouting for the Clay City flour mill.

LISTEN—Remember our bulk roast white mule coffee, 18c lb.

Social

The Mothers' Club gave a social meeting Tuesday afternoon. The topic of general discussion was education and how best to improve our school. Sandwiches, cake, coffee and hot chocolate were served. The members and guests present were:

Mrs. W. J. Mountz, President; Mrs. W. T. McGuire, Vice Pres.; Mrs. E. Wilson, 2nd Vice Pres.; Mrs. James Bloom, Treas.; Mrs. H. H. Pherigo, Sec.; Mrs. W. E. Armour, Mrs. O. L. Knight, Mrs. W. R. Eubank, Mrs. A. P. Johnson, Mrs. Ida Carr, Mrs. Carrie Groves, Mrs. Caroline Derickson, Mrs. S. T. Carr, Mrs. J. R. Nelson, Miss Mary Nelson, Mrs. Wm. C. Martin, Mrs. Whittinghill.

Mrs. Derickson put in her membership, which was very much appreciated, and we hope as the weather gets better that all mothers that are interested in their child's education and future will come out and join this band of workers. Workers is what it takes, not slackers, to put this great problem through which our town and children must have.

If you are interested and want to know what we are doing, meet with us every last Thursday in each month at 2 o'clock. Mothers' Club.

Personal Paragraphs

Mr. T. E. Eastin, of Winchester, was here Monday.

H. D. Curry, of Winchester, was here yesterday looking after his property holdings.

V. C. Martin, Veteran newspaper correspondent, of Genet, spent the week-end with relatives in Clay City.

Mr. and Mrs. W. T. Rye, of Barbourville, spent the week-end with Mr. and Mrs. A. P. Johnson. Mr. Rye returned Monday but Mrs. Rye remained over for a few days.

Mr. and Mrs. Buell Abney, of Patsey, were here several days the past week visiting Mr. and Mrs. O. F. Rogers, who is a brother-in-law to Mr. Rogers. Mr. Abney is thinking of moving to Clay City within a week or two.

Tanlac has made life worth living for millions of people who had almost given up hope. It will do the same for you.—C. Shimmfessel.

Memorial

In loving memory of dear sister, Lizzie Martin, who died December 12th, 1921.

Dear sister, since from earth you passed away, it makes our hearts ache, as we think of your sun shine and shadows fall sweet remembrance. Oh! how we miss you, dear sister, each day more and more, and we hope to be with you some day, on that bright and happy shore.

A precious one from us has gone,
A voice we love is still,
A place is vacant in our home,
Which never can be filled.

God, in His wisdom, has called her,
We trust the soul is safe in Heaven.

By Sisters and Brothers.

Mrs. Evans Dies at Beattyville

Mrs. Julia Evans, wife of Dr. J. H. Evans, died at Beattyville, January 22 after an illness of one year. Mrs. Evans will be remembered as Miss Julia McGuire who was a stenographer at the Clay City National Bank twenty years ago. Mrs. J. C. Patrick, of Stanton, and Mrs. Lillie Tipton, of Spout Spring, are half sisters of Mrs. Evans.

BIRTHS.

Dr. Martin reports the following births:

To Mr. and Mrs. Herman Begley, January 28, a girl.

To Mr. and Mrs. Carl Hall, January 28, a girl.

"Tanlac made me feel younger." "It put me back on the payroll." "I can eat whatever I want now." "I no longer suffer from indigestion." "I gained weight rapidly." These and many more expressions are now heard daily as people tell of their experience with Tanlac. C. Shimmfessel.

It Went to The Spot

Henry E. Campbell, D. F. D. No. 4, Adrian, Mich., writes: "I had a bad cough for three years. Tried several cough remedies. Got little relief. I tried Foley's Honey and Tar. It went to the spot. There is no better remedy on the market." Good for coughs, colds, croup and whooping cough. Children like it. Sherman Robbins & Sons local dealers.
